

3/24/2020

We want to reach out to you today to let you know what Brehob Nursery is doing in response to the Covid-19 outbreak, as things are changing rapidly. We are open normal business hours and continuing business as usual with a few tweaks. First and foremost, the health and safety of our employees and customers is our number one concern. Because of that, and to observe social distancing and the "6-foot rule" we are changing some of our procedures for the time being:

- To limit the number of people in close proximity in our lobbies, customers with terms in good standing do NOT have to stop back in the office after loading. All invoices will get mailed or emailed after they are processed.
- Customers without terms are encouraged to call in with a credit card number to avoid having to stop back in the office. Again, invoice receipts can be mailed/emailed.
- Customers are encouraged to place orders or make availability inquiries via our website or phone/email/text in lieu of face-to-face interactions in our office.
- Our account managers will no longer be making customer visits for the foreseeable future.
- While in the sales yard please respect the personal space of our yard staff, and avoid sharing pens/paper, etc.
- We are continuing to make deliveries, but ask that personal contact with our drivers is limited to necessary interactions only
- We are increasing the frequency with which we clean and sanitize our lobbies and common areas.

This is an unprecedented time for all of us, and as an industry we are strong as individuals, but stronger as partners. We weathered the recession of '08, the drought of '12, many cold, wet springs, hot, dry summers and everything else mother nature can throw at us. The services our industry provides bring joy and beauty to our neighborhoods and communities, and we can all use an extra dose of joy and beauty right now.

We appreciate each and every one of you! Today and everyday we are here to help you succeed. Please stay safe.
