The application process is used to protect the wholesale nature of Brehob Nurseries, LLC. Applications may be obtained through the office or on our website at www.brehobnursery.com. The length of time it takes to process an application depends upon the response time of the references given on the application. We retain the right to re-evaluate customer status at any time. We ask that you do not send your customers to pick out or pick up plant material. If you choose to bring your customer to our nursery, be aware that they and their questions are your responsibility.

Approved Buyers: To protect customer accounts, companies are asked to provide a list of employees authorized to place orders and purchase on their account. Only those individuals approved will be given pricing information, allowed into our sales yards or allowed to place a pre-order. It is each customer's responsibility to make sure this list is kept current.

Terms: Applications for credit are available upon request or at www.brehobnursery.com. We strive to process all fully completed credit applications as soon as possible. Please allow up to 30 days for processing due to response time of references. Firms that have established credit may make purchases on the following basis:
